

The diagram shows a vertical column. At the bottom, there is a gray rectangular base. A dashed vertical line extends upwards from the center of the base. Above the base, the column is represented by a thick black vertical bar. A horizontal line intersects this bar. Above the horizontal line, there are several small circles arranged vertically. The topmost circle is slightly offset to the right. The entire diagram is enclosed in a black rectangular frame.

The diagram shows a vertical column. At the bottom, there is a gray rectangular base. A dashed vertical line extends upwards from the center of the base. Above the base, the column is represented by a thick black vertical bar. A horizontal line intersects this bar. Above the horizontal line, there are several small circles arranged vertically, representing a stack of spheres or a column of particles. The topmost circle is slightly offset to the right.
